Coverage highlights

Prize indemnity cover

Our prize indemnity policy covers a wide range of prize competitions including hole-in-one competitions, sports skill contests, contractual bonuses, predictor games, conditional rebates, mathematical games, online and land-based casino games, lottery jackpots and more. This means you can run these types of promotions without the fear of being seriously out of pocket if someone gets lucky.

Meaningful limits

Although you might find other providers of contingency cover, few are able to offer a sufficiently high limit if you are running a large promotion. At CFC, we can offer some of the highest limits available: £20m in the UK, \$30m in the US, Canada, and Australia, and €25m in Europe. Our meaningful limits mean you don't have to shop around for several providers to find cover, saving you time and money.

Bespoke underwriting

We understand that all promotions and prize competitions are different, so rather than giving you a generic, one-size-fits-all product that might not be relevant to you, we are flexible and offer policies with coverage tailored to your specific needs.

Exceptional service levels

Obtaining contingency cover has traditionally been a lengthy and time-consuming process. Our experienced team, however, are able to quote most policies within 24 hours as long as we have all the information we need, and can bind policies instantaneously.
